LATE IN THE GAME.—Talleyrand was enjoying his rubber, when the conversation turned on the recent marriage of an elderly lady of respectable rank. "How could Madame de S— make such a match?" A person of her rank to marry a valet de chambre? "Ah!" replied Talleyrand, "it was late in the game, at nine we don't count honors."

CONCLUSIVE.—Did you say that you considered Mr. Smith insane? asked a lawyer of a witness in a criminal case.

"Yes, sir, I did."

"Upon what grounds did you base that inference?"

"Why, I lent him a silk umbrella and five dollars in money, and he returned them both."

SHERMAN'S Patent Premium Elastic

70, St. Charles-street, New Orleans.

Shoulder Braces are an essential article of dress—not of late origin, however, as many suppose, 'er they have been used among the nobility and higher classes throughout Europe for the past century.

Ruptures Cured!

Let all afflicted with Ruptures, read, heed and be healed, or at least be made secure from the horrors of Strangulated Hernia, which security can best be found in the use of SHERMAN'S

New Patent Truss and justly celebrated RUPTURE REMEDY.

OBSERVE the following extract from Lawrence, an eminent English surgeon: "The treatment of the Ruptures demands, from the different states in which their contents exist, as great a combination of anatomical skill, with experience and judgement, as that of any disorders in surgery." Now, how few are afflicted with that complaint think of this. What do they think of? Why of getting a Truss; one that suits their fancy, their means, and as they think their Ruptures while these of it, from its ill construction and misapplied pressure, imparts serious injury; consequently, the disease continues through life, and frequently causes death.

HERE your attention is called to the use of Truss which experience in Ruptures has led me to invent, in order to overcome the objections of every other in use. It is remarkable for the ease and comfort with which it is worn and the security it affords under the most violent exercise. It is, also, immovable in any position the body may be thrown into—a consideration that should not be overlooked.

IN my treatment of Hernia I do not rely solely on the efficacy of a Truss. Experience has taught me something more is required, and tedious experiments have enabled me to discover the most powerful auxiliary which, to guard against deception, I have put up in quart bottles, with these words, "J. A. Sherman's Rupture Remedy," blown in glass. It is the instance of a celebrated surgeon, was analysed, and the following certificate given in its favor:

Certificate from Martin, the Chemist.—"I have analyzed Sherman's Rupture Remedy, and find it to contain valuable properties to aid in curing ruptures."

JAS. MARTIN, Chemist.
New York, January 10th, 1851.

NATCHEZ, May 23, 1850.

Mr. Sherman: Dear Sir—Last January, when in New Orleans, and observing your advertisement in the Delta, I called to see you about fitting me with a truss, having previously used the different kinds sold in stores to no purpose. They were a perfect source of annoyance. My rupture yearly increased in size, filling my soul with terrible forebodings, for I had on one occasion been eye witness to the awful results of strangulated rupture. Now my apprehensions are all gone; my mind is composed; and I can join joy to myself and surprise to my friends, among whom is one of our most eminent physicians, inform you that I am cured—that my rupture has not shown itself for two months. The bottle of wash you gave me is all used up; and, if you think it necessary to continue the use of it, I would like you to send me some.

Mr. Jones who has made a trip to New Orleans on purpose to have you fit him, with a truss, was at my house on last Sunday, and is quite well pleased; says the truss is so easy he sometimes forgets, he has it on, and is only convinced by feeling. He now believes, although he was sceptical when he got the truss, that his case is curable, and that the truss and preparation you furnished him on will cure it. I suppose his faith is strength, assured by the present condition of my case. If persons know how their sufferings were aggravated by the use of the old fashioned, ill-fitting trusses, I am sure they would never use them. The comfort derived, and the security felt in the use of your truss, certainly over balance all pecuniary considerations. With respect and esteem, I remain yours, etc.,

E. W. WATSON.

P. S.—If this will benefit any one suffering as I once suffered, by making it public you have my consent to do so.

SHERMAN'S office for the fitting of his Patent Truss, and the sale of his Rupture Remedy, is 70, St. Charles, (sign of the [?]) New Orleans. Remember the name and number.

Two large Cancers, effectually Cured, by S. REYNOLDS.

123, Gravier street, New Orleans.

CERTIFICATE of cure from Captain C. Nat. Ostrander:

"Dr. J. Reynolds: Sir—Having for many years been afflicted with two large and inveterate Cancers, (one upon my right hand, the other upon my left arm,) I sought in vain for cure at the hands of our most experienced surgeons.

Hearing of your successful treatment of Cancers, I determined to have the benefit of your experience, and for this purpose came to New Orleans, eight months ago, when I effectually received relief, by your mild and special mode of taking both Cancers out, without the aid of the knife. The Cancer upon my hand weighed over a quarter of a pound, that on my arm, more than three quarters of a pound, yet the new and healthy flesh took their place so rapidly that I was entirely restored to health in a few weeks.

As a token of gratitude for your able and successful treatment of my Cancers, I voluntarily add this my testimony to your numerous credentials, and trust that those effected with Cancers may be directed to you, for a speedy and effectual cure. Respectfully, yours,

NATHANIEL OSTRANDER.

HEBREW PLASTER,

The great remedy for Rheumatism, Gout, Pain in the side, hip, back, limbs, and joints, scrofula, king's evil, white swelling, hard tumors, stiff joints and all fixed pain whatever.

Where this plaster is applied, pain cannot exist. It has been beneficial in cases of weakness, such as pain and weakness in the stomach, weak limbs, lameness, affection of the lungs in their primary stages. It destroys inflammation by perspiration.

The following commendation is from an agent residing at Trenton, Tennessee: Trenton, Gibson co., Tennessee, Nov. 7, '48.

Messrs. Scovil & Mead.—Gentlemen: The Hebrew Plaster is becoming popular in this section. There is a lady in this county who says she would not be without this Plaster for five hundred dollars a year. She was afflicted for some time with an enlargement of the spleen, which gave her a great deal of pain. The swelling and pain had extended up nearly to the armpit, and occasionally she could scarcely breathe. She was confined for a considerable time, during which she was attended by some of our best physicians, but they gave her no relief. She procured a box of the Hebrew Plaster, and it relieved her almost immediately, and now she keeps a supply of it on hand constantly. These facts you are at liberty to use as you think proper—they are substantially true. Respectfully, yours &c.

JESSE J. WELLS.

Beware of counterfeits and base imitations. Dealers and purchasers generally are cautioned against buying of any but our regular agents otherwise they will be imposed upon with a worthless article, as many base counterfeits of this Plaster are in existence.

REMEMBER—The genuine is sold only by us and our advertised Agents throughout the South. No pedlar is allowed to sell it. In future the genuine will have the signature of E. TAYLOR, on the new steel-plate engraved label on the top of each box; to counterfeit which will be prosecuted as forgery.

WISTAR'S BALSAM.

OF WILD CHERRY.

The great American Remedy, for Lung complaints, and all affections of the Respiratory Organs.

THE BEST remedy ever known to man, for Coughs, Asthma, Croup, Bronchitis, Influenza, Bleeding of the lungs, Difficulty of Breathing, Liver Affections, Pain or Weakness of the Breast or Side, First stages of consumption, &c.

REMARKABLE CURE.—Of all the cures that have yet been recorded, there are certainly none equal to the one first mentioned, which plainly shows the curability of consumption, even in some of its worst forms.

JEFFERSON COUNTY, Ia., Feb. 27, 1849.

Messrs. Sanford & Park—Gents: This is to certify, that my wife, Nancy Dononey, has been in a declining state of health for the last two years. Her disease baffled the skill of the best medical aid I could procure—her physicians pronounced her disease—"Consumption in the last stage," and said that her recovery was past all human hopes.

As a last resort, with very little hope, I procured Wistar's Balsam of Wild Cherry. After using a few bottles, I found, to my agreeable surprise, that her health was improving rapidly. She is now so far recovered, as to be able to attend to her regular household duties, without suffering any inconvenience. Her rapid improvement and present health, warrant me in the belief that she will soon be entirely restored.

RHODES DONONEY.

To the Public.—I, Jacob Green, of the county, of Jennings, and state of Indiana, do hereby certify, that in the early part of last season, I was taken with a violent cough attended with a pain in the breast, and some times fever, and that I employed a skillful physician for some time, who said he could give me no relief. I then commenced using Wistar's Balsam of Wild Cherry, and felt almost immediate relief, and after taking three bottles, I find myself in as good health as I have enjoyed for a number of years. My restoration, under the blessing of God, I attribute to the use of the medicine above named.

JACOB GREEN
March 1st, 1849.

State of Indiana, Jennings county, I, David T. Skinner, a Justice of the Peace in and for the said county and State, do certify that the above named Jacob Green, subscribed and made oath to the foregoing certificate, before me, this first day of March, 1849.

We would advise those of our readers who are laboring under an affection of the lungs, to make immediate trial of this truly excellent medicine. The most intelligent and respectable families of our city have adopted it as a favorite medicine; and persons predisposed to consumption, who have used it, speak in the highest terms of its efficacy.

Beware of counterfeits and imitations—syrups, and all other preparations of Wild Cherry. Remember, they only imitate in name, not in virtue. Sold wholesale and retail, by

JUDSON'S CHEMICAL EXTRACT OF

CHERRY & LUNGWORT,

FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and

CONSUMPTION.

Do not neglect it.—Consumption can be and has been cured in thousands of cases by this only certain remedy, Judson's Chemical Extract of Cherry and Lungwort, and no remedy has ever before been discovered that will certainly cure Consumption. The most strongly marked and developed cases of pulmonary consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by physicians and friends to be past all possibility of recovery, and at times thought to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medicaments which are peculiarly adapted to and essentially necessary for the cure of Coughs and Consumption. Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this after the prescriptions of the very best medical men and the inventions of kind and sorrowing friends and nurses have failed to give the smallest relief to the consumptive sufferer.

Thousands of consumptive persons have been deceived repeatedly in buying medicines that were said to be infallible cures, but which have proved only palliatives, but this medicine is not only a palliative but a cure for ulcerated lungs. It contains no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the lungs, such as spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.

About 1000 certificates of almost miraculous cures performed by this medicine, from some of the first doctors, clergymen and merchants, have been sent us for this medicine, but the publication of them looks too much like quackery, (we will show them to any person calling at our office.) This medicine will speak for itself and enough in its own favor wherever it is tried.

Caution.—This medicine is put up in a large bottle, and you must find the name of Judson & Co., proprietors, New York, on the splen id wrappers around the bottle, to whom all orders must be addressed.
